

Dear **GreenClips** Reader,

Please consider donating \$30 or more to support **GreenClips**. We hope you will agree this is a great value for 24 issues a year.

**GreenClips** is a clipping service that provides the best of the best information from print media, including newspapers, magazines and newsletters. It is a highly regarded newsletter in part because it provides rich, editorially independent information. **GreenClips** is also a valuable research tool. Back issues from 1994 to present are posted at two websites. A keyword search feature is provided at one website, enhancing its value as a research tool.

**GreenClips** is emailed to nearly 11,000 subscribers every two weeks free of charge. Yet only 2% contribute! **GreenClips** relies on the support of individual readers in addition to support from the Federal government and businesses.

In addition to checks, we also accept credit cards. If you require an invoice or receipt we're happy to generate one. Your contribution is tax-deductible as a business expense.

Thanks for your support!

Chris Hammer  
Publisher
